

TAKE YOUR TALENT TO A
NEW PLACE AND JOIN
OTHERS UNITED BY THE
PURPOSE TO SAVE LIVES.

Varian Medical Systems, Inc. is the world's leading supplier of radiotherapy equipment and software for treating cancer. Varian Medical Systems employs over 6700 people and in its most recent fiscal year it reported annual revenue of over \$ 3.0 billion. Varian Medical Systems Finland Oy designs and develops the state-of-art radiation therapy treatment planning products such as Eclipse™.

We are looking for a

SENIOR MEDICAL PHYSICIST

to join our growing team in Helsinki, Finland, the center of excellence in radiation therapy treatment planning.

You will work on improving our treatment planning products as a clinical expert by leading a team of world class medical physicists and software quality engineers. You will bring in your wealth of clinical experience and are able to contribute to identifying the most important practices and workflows used in clinics. In these tasks you are expected to utilize your clinical experience into turning the clinical practices into test procedures and ensuring their correct execution and results. You will work to ensure that our products meet our high quality standards. In addition to your daily managerial duties, you will be developing our clinical testing practices further.

You have a Medical Physicist background with relevant clinical work experience. Previous leadership and/or management experience is a major asset. You have vision and drive to further enhance our ways of working. You have excellent interpersonal skills and fluent English, both in written and spoken. You are equipped with an international mind set, an aptitude to get things done and willingness to travel as required by the job.

We offer you a rewarding job working with an outstanding software product which makes a difference in helping cancer patients. You will work as a member of our inspired team of professionals, and receive special training needed in the position.

For more information, please contact Software Testing Manager Riku Ruoti tel. +358 50 3100 237, e-mail riku.ruoti@varian.com.

To apply, please email your CV and cover letter to jobs.fi@varian.com by February 8^h, 2015 with the subject line "Senior Medical Physicist".
